

# REQUESTING A DEBRIEF

Hey, Region 3! Didn't receive the EPA Grant you were hoping for this year?  
Request a debrief!

Debriefs provide unsuccessful applicants with a review of their application that shows its strengths and weaknesses.

They provide information on the reasoning for any ineligibility determinations or why the applicant was not selected for an award.

Debriefs offer insight on how to improve future applications, reduce the chances of a dispute being filed, and relieve any concerns the applicant may have.

They assure the applicant that their application was evaluated according to the criteria and requirements in a fair and impartial manner.
